

## VARIETY OF TALK IN THE SENATE

### MANY SUBJECTS DISCUSSED BY THAT BODY.

**The Restriction of Immigration, Free Silver and the Cuban Question Debated—House Passes an Important Bill—General Washington News of Interest.**

Washington, March 17.—The senate had an hour of spirited Cuban debate late on Monday, after the early part of the day had been given to set speeches by Mr. Lodge on immigration and Mr. Pugh on silver. The Cuban discussion was mainly important in bringing out the full reading of a statement of the Spanish side of the case by Senor Dupuy de Lome, the Spanish minister. Mr. Morgan read a letter from Secretary Olney saying the Spanish minister gave his permission for the public use of the statement. It claimed to detail the insurgent methods of guerrilla warfare, the burning of cane fields and the disorganized character of the insurgent bands. Mr. Morgan commented severely on the minister's statement.

During the day Mr. Elkins offered a resolution directing the committee on foreign affairs to report as to the status of the war in Cuba before a vote was taken in the senate.

Mr. Sherman asked that the resolution go over under the rules until to-day, and Mr. Elkins assented.

At 1 o'clock Mr. Lodge (rep., Mass.) was recognized for a speech on immigration and in support of the resolution for additional immigration laws.

Mr. Lodge spoke for an hour and was followed by Mr. Pugh (dem., Ala.) in support of the silver amendment to the tariff bill. Mr. Pugh argued that the economic troubles of the United States were caused by an insufficient and congested currency. The senator declared that the restriction of our money to the single gold standard was the root of our financial troubles.

At 3:30 Mr. Pugh yielded the floor to continue his financial speech to-day.

Mr. Sherman at once called up the Cuban resolution and Mr. Morgan (Ala.) addressed the senate on them. After completing the Spanish minister's statement, Mr. Morgan pointed out that Mr. Hale's recent speech in defense of Spain was based on a statement of Premier Canovas of Spain, which statement, Mr. Morgan alleged, had been repudiated by the Spanish premier. The senator added that it was clear Mr. Hale had no sympathy for these Cuban negroes and doubtless he would not care to see the negroes of the United States free if they didn't vote the republican ticket.

At this point Mr. Morgan yielded, not having completed his remarks, and at 4:30 the senate adjourned.

### FREE HOMES IN OKLAHOMA.

**Bill Passes the House Although Opposed by Secretary Smith.**

Washington, March 17.—In the house Monday a resolution was adopted directing the secretary of war to make a survey and estimate the cost of a breakwater at Marquette bay, Michigan.

Bills were passed authorizing the construction of a fog signal at the north pier of Menominee harbor, Wisconsin, and to increase the rank and pay of the judge advocate of the navy when appointed from the navy.

The rules were suspended on motion of Mr. Flynn of Oklahoma, and a resolution was adopted for the immediate consideration of the Oklahoma homestead bill. The bill provided that all actual and bona-fide settlers on the public lands in Oklahoma should acquire patent after five years' residence upon the payment of the customary fees without the payment of the price per acre required by existing law. The secretary of the interior reported adversely against the bill and stated that if settlers were relieved from the payment of the purchase price (which ranged from \$1.25 to \$2.50 per acre) the loss to the United States would exceed \$15,000,000. The government paid, or agreed to pay the Indians, according to Commissioner Lamoreaux' report, \$18,000,000. Both Mr. Flynn and Mr. McKee of Arkansas advocated the passage of the bill. The bill was then passed without division.

Mr. C. W. Stone (rep., Pa.), chairman of the committee on coinage, weights and measures, moved to suspend the rules and pass a bill prescribing punishment for mutilating coins and for altering or passing mutilated or lightened coins. The bill was passed.

### SIoux CITY AND PACIFIC.

**Arguments Presented Favoring the Railroad's Construction.**

Washington, March 17.—Several members of congress interested in the Sioux City and Pacific Railroad appeared before the house committee on Pacific roads Monday to give their views upon the proposition recently made by Mr. Coombs, a Sioux City banker, regarding that branch. Representatives Meiklejohn, of Nebraska; Perkins of Iowa; Fletcher and Towne of Minnesota, were prepared to speak and presented petitions from many towns asking the construction of a road southwest from Sioux City to North Platte, which was contemplated in the

original Pacific railroad acts. The advantages of such a line, as presented by Mr. Meiklejohn, are that it would diagonal three systems—the North-western, the Burlington and Missouri and the Union Pacific main line—giving an outlet to farm products and the benefit of lake rates. It was the request of these members that the committee include provisions for the building of this branch in any general bill it may report, and for the purpose they ask that \$4,000,000 be used from the sinking fund established by Thurman and invested in the bonds of the Sioux City.

### May Tax Railway Franchises.

Washington, March 17.—Chief Justice Fuller, in the United States supreme court, on Monday handed down the decision of the court in the cases of the people of the state of California against the Central Pacific and the Southern Pacific railway companies, involving the right of the state to tax the franchises of those roads. The railroad companies resisted taxation on the ground that their franchises were derived from the national government as well as from the state authorities, and were inseparable. The court decided against this view, holding that the railroad companies owe their existence as corporations to the state, and that they are subject to the state laws in the respect of taxation. Justice Field read a dissenting opinion. Justice Harlan also dissented from the opinion of the court.

### Seeds Will Be Distributed.

Washington, March 17.—The senate joint resolution directing the secretary of agriculture to purchase and distribute seeds, bulbs, etc., as has been done in preceding years, has become a law without the president's signature, the resolution not having been returned to congress within the constitutional ten days' limit. Secretary Morton refused to carry out the old law and vigorously opposed the passage of the present more mandatory act.

### Irrigation of Arid Lands.

Washington, March 17.—The house committee on irrigation of arid lands has decided to report favorably the bill introduced by Mr. Herman, chairman of the committee providing for the conveyance of arid lands to the states and territories. This land is to be disposed of to settlers in small holdings, and the money thus obtained to be used in the reclamation of the remainder of the lands.

### Dry Docks for the Navy.

Washington, March 17.—Three new dry docks—to be built at Algiers, La.; Mare Island, Cal., and Portsmouth, N. H.—will be provided for in the naval appropriation bill in accordance with a vote taken by the house committee Monday. The cost of the Algiers dock is limited to \$800,000, the two others to \$525,000 each.

### Could Not Go Into Dry Dock.

Washington, March 17.—A telegram received at the navy department from Port Royal, S. C., announced that the battleship Indiana could not go into the dry dock there, owing to lack of sufficient water over the entrance.

### Fillbuster Resolution Passes.

Washington, March 17.—The resolution offered by Mr. Call directing the secretary of the treasury to give information as to the seizure of vessels for the alleged violations of the neutrality laws was passed by the senate Monday.

### Bayard Censure Resolutions.

Washington, March 17.—The house decided to consider the resolutions censuring Ambassador Bayard for his speech at Boston, England, and Edinburgh, Scotland, next Wednesday, at 10:30.

### Conventions in New York.

Buffalo, N. Y., March 17.—Six assembly districts of Erie county held conventions Monday to choose delegates to the republican state convention. In three districts Morton delegates were chosen and in three the McKinley ones were successful.

Little Falls, N. Y., March 17.—The 25th district republican congressional convention was held here Monday. Resolutions instructing for Morton were unanimously adopted.

New York, March 17.—The republican primaries were held in each of the 1,392 election districts of this city Monday and the results show victories for Thomas C. Platt in most of the districts.

### Colored Voters to Organize a League.

Moline, Ill., March 17.—The Rev. J. R. Clemis, pastor of the African Methodist Episcopal church, says the colored voters of the north are about to organize a political league for advancing their interests. He says the negroes have never been benefited by high protection. The Carnegie iron works is the only manufacturing concern that employs them extensively, and then only as an extremity. He says Reed will be supported by the league instead of McKinley.

### Mrs. Leise as Attorney General.

Topeka, Kas., March 17.—The Kansas Agitator, a populist paper, published at Garnett, declares for Mrs. Mary E. Leise for attorney-general of Kansas. The Agitator says that Mrs. Leise has the courage of her convictions, and would faithfully execute all laws on the statute books.

## TROOPS KEEP ORDER AT FRANKFORT, KY.

### KENTUCKY LEGISLATURE HAS A QUIET SESSION.

**Is Not Likely That a Senator Will be Chosen at This Time—Gov. Bradley's Action in Calling Out Troops Looked on With Disfavor.**

Frankfort, Ky., March 17.—For the first time since the war the Kentucky legislature met on Monday under bayonet rule. True to his promise, Gov. Bradley had the state soldiers on guard, and not even a member of the court of appeals could enter the state house yard without a pass from Adj.-Gen. Collier. Three hundred troops from Louisville arrived at the capitol at an early hour in the morning and were quartered near the arsenal. Thirty-five members of the state guard from Lexington arrived at 3 o'clock and were given quarters in the arsenal. The McCreary guards of Frankfort were kept on duty at the state house. When Gov. Bradley was escorted from the state house to his mansion by twenty soldiers the immense crowd of people which lined the streets gave vent to derisive cries, hisses and catcalls.

Just before the hour for the legislature to convene as the venerable Chaplain Cooper attempted to enter the state house grounds on his way to the halls of legislation to open the deliberations with prayer he was stopped at the gate by the bayonets and told he could not enter. After explaining he was allowed to enter, but when he mounted the rostrum he said: "I cannot disgrace the Lord by offering prayer while the state is being disgraced by the armed men surrounding the capitol. This is the first day I have had a bayonet pointed to my breast since '61."

An attempt was made by a republican member of the house to introduce a resolution commending Gov. Bradley's action in calling out the troops. As soon as the clerk had read enough of it for its nature to be understood the democratic members arose like one man and walked toward the door. The resolution was quickly withdrawn and the democrats took their seats.

In the senate a dramatic scene occurred when Capt. Gaines of the McCreary guards mounted the rostrum and began talking to Lieut.-Gov. Worthington. Mr. Bronston asked the chair by what authority Capt. Gaines was allowed on the floor of the senate in his uniform and armed with sword and pistol. The captain replied he would remain if the lieutenant-governor told him to. The official told the captain he might leave and he did so. The senate was a scene of confusion for some time after this occurred.

Mr. Bronston offered a resolution in which he set forth the fact of the militia having been ordered out and the governor taking personal command. Mr. Bronston moved that the vote be taken on this resolution and he made a bitter speech, declaring that every man not willing to crawl on his belly should vote for it. He denounced as infamous lies the stories that had been taken to the governor by those high in authority. He said that Kentuckians were not dead yet and would have peace if they had to summon every able-bodied man in Kentucky to the state capitol.

The chair ruled that Mr. Bronston's resolution was out of its place and then took the floor and defended his rule, occupying the time till noon, at which time the joint session was called. When the roll was called in the joint assembly the members of both parties refused to vote for United States senator with the exception of Mr. Speed (rep.), who voted for Boyle.

The joint assembly then adjourned and the senate went into session again to consider the resolution against Gov. Bradley, but the committee failed to make its report, and nothing was done.

An indignation meeting was held in the Frankfort court house at 12 o'clock, presided over by Mayor Julian, at which resolutions condemning the action of the governor in calling out the troops were passed. A resolution was also passed authorizing the mayor to telegraph the various cities and towns requesting that indignation meetings be held. Many of the telegrams were answered, and such meetings were held all over the state. Many republicans join in condemning the governor for calling out the troops.

The legislature adjourns today, but before adjourning another ballot will be taken for senator.

The investigation by the senate committee has ended. Some predict that the committee will recommend that the governor be both fined and imprisoned. It is not generally believed, however, that even the revolutionists on the committee will do more than censure the governor.

### Peffer for Governor of Kansas.

Topeka, Kas., March 17.—Senator Peffer's name has been sprung for governor of Kansas by the populist leaders and the suggestion is received with enthusiasm. They say Peffer does not desire a re-election to the senate, and that, with his name at the head of the ticket, Kansas will surely be carried for the populist and free-silver parties.

## MEN OF ALIEN BIRTH ASK FOR NEW LAWS

### WANT NATURALIZATION REG- ULATIONS CHANGED.

**Favor the Extension of the Time From One to Five Years—Action Taken at Green Bay—Two Men Meet Violent Death—Other State Specials.**

London, March 17.—The greatest interest was manifested in the house of commons Monday when the liberal leader, Sir William Vernon Harcourt, put his question to the government regarding the proposed advance of British Egyptian troops up the Nile from Wady-Halfa, and when the under secretary of state for foreign affairs, Mr. George N. Curzon, rose to reply to the attention of the whole house was immediately centered upon his utterances. Mr. Curzon's answer was in the shape of a long and evidently carefully prepared statement, in which he pointed out the threatening dervish advances and their danger to Egypt, and intimated that the movement of Egyptian troops arose partly from a desire to aid Italy in her struggle with the Abyssinians. Continuing, Mr. Curzon said the government was sure that all the subjects of her majesty would have the most sincere sympathy for Italy and the reverse which the latter's arms had suffered in Africa, and expressed regret at the defeat of Gen. Baratieri at the battle of Adowa.

Mr. Labouchere, member for Northampton, in moving to adjourn the house in order to discuss the proposed advance on Dongola, complained of the hypocrisy of British policy, and claimed that financiers were the root of the whole business. The motion was eventually rejected by a vote of 263 to 125.

Sir William Vernon Harcourt, the opposition leader, warned the government that any attempt to occupy the Soudan would be strenuously resisted. The opposition, however, he went on to say, accepted Mr. Curzon's assurance that such occupation was not meditated.

Mr. Arthur Balfour, the government leader, declined to commit the government beyond Akushe. It was useless to discuss the matter further, he said. The government, however, did not dream of occupying Darfur. The advance upon Dongola, he pointed out, was the best method of producing diversion in favor of the Italians, and involved no risk to England. The Egyptian government, he maintained, was not launching a policy of adventure.

### ORGANIZING OPERATORS.

**Telegraphers Are Joining the A. R. U. in Secret in Large Numbers.**

Terre Haute, Ind., March 17.—President Debs, of the American Railway union, confirms the report from Pittsburgh that the telegraphers are being organized as a division of the A. R. U. He says it is now too late for the companies to break the force of the movement. They may succeed in forcing the men to ask for dismissal cards, but he says that will not diminish the loyalty of these employees to the A. R. U. He says the A. R. U. has organized the telegraphers in more than fifty cities in this country, and has also formed organizations in Mexico and Canada. It is the intention to organize commercial and railroad telegraphers in one compact organization, something that has not been done heretofore.

### DUPLICATE CORINTO INCIDENT.

**Stated on Good Authority that England Intends to Do So.**

New York, March 17.—A dispatch to the World from Caracas says: "Despite the denial from London, it is reported here on what is considered good authority that England intends to duplicate the Corinto incident on the Vene-refused to interfere in the question of the collection of indemnity for the arrest of British officials in Yuruan territory. It is rumored that five British war ships will reach Laguaría Tuesday—four from Curacao and one from Trinidad. The transmission of several cable dispatches between the Venezuelan government and Minister Andrade at Washington confirms the rumor that something important is about to happen."

### Government Calls for Money.

New York, March 17.—It is learned that calls have been made by the government upon the depository banks for part of the money deposited with them on government bond account. ### CARLISLE A CANDIDATE.

**Choice of the "Sound Money" Democrats for President.**

Washington, March 17.—Secretary Carlisle is a candidate for the presidential nomination at Chicago, and a public announcement to that effect will soon be made by one of the secretary's close friends in the senate. This announcement, however, will not be made until President Cleveland has formally stated his purpose not to permit his name to be used in the convention in connection with a third term. It is learned on excellent authority that the president has fully decided upon this course, and it is expected that he will make known his determination within a short time. Although Secretary Olney's name has been considered with favor by democratic leaders, it is known that he does not desire the nomination. It is undoubtedly true that Mr. Carlisle's candidacy will have the support of Mr. Cleveland and the members of the cabinet. He will go before the convention as the representative of the "sound-money views" of the administration. His friends, in conducting the canvass for Mr. Carlisle's nomination, will urge that it be made upon a sound-money platform, and if he be successful at Chicago will then make this issue prominent in the campaign leading up to the November elections.

### Senator Thurston's Open Letter.

Omaha, Neb., March 17.—An open letter was made public Monday by Senator Thurston, for the alleged purpose of settling the differences between the McKinley and Manderson forces in Nebraska. The plan is that the state convention shall adopt resolutions that it is the hope of the Nebraska republicans to see McKinley president, but if the occasion arises in the national convention when they can nominate Manderson they will do so, and that the delegates to the national convention should vote for Manderson on any and all ballots when in their judgment such votes will not tend to defeat the nomination of McKinley or lessen his chances for nomination.

The convention endorsed McKinley as its choice for president.

The 4th congressional convention nominated delegates to the St. Louis convention. A resolution was passed stating that it was the desire of the convention that the delegates do all in their power to secure the nomination of McKinley.

Miss Capen has given the best of satisfaction during her two years' work in the school, and after the five weeks' vacation will open the spring term. The church here is planning a lecture course consisting of three entertainments. Tickets for the course thirty cents. The dates and speakers are as follows: March 24, concert, Miss Helen Daniels of Sharon, reader. Good music will be provided. March 30, lecture by Rev. R. K. Munson of Janesville. Subject, "Philosophy of Success and Failure." April 8, lecture by Rev. George W. White of Evansville. Subject, "Popular Scientific Treatment of Alcohol." Charles Kemp was unable to attend church last Sabbath on account of the grip. Edgar Dykeman, of Delavan, was seen on our streets last Wednesday. Several from this place attended the I. O. G. T. entertainment at Darien last Saturday evening. The visitors at church last Sunday were Mrs. Rhoda Wise, of Clinton and Miss Mary Rye, of Johnston.

### LIVELY WEEK AT MAGNOLIA.

Lecture Course is Closed—The Sick Are Improving.

Magnolia, March 17.—The lecture course closed at the Advent church Monday night. Rev. Shepard left for his home in Aurora Monday morning. A good crowd was in attendance all through the eight days of his stay here. Mrs. Rob Frazer is a little better. There is no change in her little son, the fever not yet having run its course. He is very low. Paul Mattice is gaining slowly. Hugh Martin is getting better. Horace Frazer is sick with lagrippe. Wilson Brown also is under the doctor's care from a severe cold and heart trouble. Mrs. George Letts is able to be out again after a week's illness. Hans Hanson moved his family to Janesville Monday. School in district No. 3 closed Friday. Seven of the scholars having graduated received their diplomas. The Magnolia band furnished music for the occasion. The school in the Huyke district will close Wednesday of this week. Elder Snyder will preach Saturday night and Sunday at the Advent church. There were some sales of tobacco last week. George Acheson and Dave Acheson, Asiel Worthing, Warren Barrett, and Bill Thompson sold to Mr. Soverhill, the highest price paid was three cents a pound.

## OUR INSTITUTE WAS BEST ON RECORD

### W. A. HENRY WRITES IN THE BREEDER'S GAZETTE.

The Most Successful Meeting Since the System Was Inaugurated—When Rock Arouses Herself, She is Irresistible—He Says—Much Good Was Accomplished.

Under the caption "A Model Farmers' Institute," W. A. Henry, Dean of the Wisconsin College of Agriculture, writes to 'The Breeders' Gazette' the following letter:

"To Janesville and Rock county, Wis., should be given the credit of holding during the past week the most successful farm institute ever conducted since their inauguration a number of years ago. The institute possessed three features:

"1. A midwinter exhibit of products brought in by the farmers, their wives and daughters, under the management of the citizens of Janesville.

"2. A cooking school managed by a committee of twelve Janesville ladies, conducted by Mrs. Jamieson, one of the institute instructors.

"3. 'The Institute proper, held in the court house, by Superintendent McKerrrow and Conductor Arnold.

"For exhibition purposes a double store room, 180 feet deep was secured on one of the leading business streets. The show cases and tables were literally packed with the prizes and the articles entered for competition. Every merchant in Janesville with two exceptions, and scores of the leading citizens offered premiums or gave other aid, the total amount of premiums reaching well toward \$1,000, covering between two and three hundred prizes divided into five groups or departments.

### Many Prizes of Value.

From the interest awakened Janesville people expected large returns in the way of exhibits and attendance, but in both were their most extreme anticipations outstripped. In all there were 1,586 entries, far more than many good county fairs can register. Many of the prizes were valuable, as a few examples will show. The best team for general farm use shown in front of exhibit hall won a \$25 bobsleigh; the best walking team driven by a boy under eighteen won an over coat; the best essay of one hundred words on "Protective Tariff for Rock county Wool" brought a large windmill; then there were prizes for the tallest man, the most popular man, etc. Rock county's wisest farmer, C. I. Sloan received 1,233 votes. In many cases second and third prizes were also given. Most wisely the committee ruled out all residents of Janesville from competition, thus giving the farmers full chance.

"The cooking school held under the auspices of the institute occupied a large room. So great was the interest taken that not half the ladies seeking admission could be accommodated.

### Much Good Accomplished.

"The institute meeting proper, where matters pertaining to farm practices were presented and discussed by Superintendent McKerrrow and his corps of workers, was held in the large court house. Here scores and sometimes hundreds were obliged to stand for lack of seats, and at some sessions hundreds literally were turned away unable to even gain admission to the room.

"During the whole institute period the citizens opened their houses freely to visitors and attendants from their own and all surrounding counties. From 2,000 to 3,000 farmers and their wives and children were drawn to the city because of this meeting. Janesville now has to her credit the most lively and best attended institute ever held under the auspices of the state university. A great deal of good has been accomplished in harmonizing city and country interests, and both parties should see that these pleasant relations established are perpetuated, for it means a great deal to both. In this institute it was plainly shown that when Rock county arouses herself she is simply irresistible. W. A. HENRY, Dean Wisconsin College of Agriculture.

### MAY GET THE MEDICINE FACTORY

Janesville Business Men Discuss the Proposition Last Night

If Janesville people will subscribe four or five hundred dollars to equip the building this city can secure the factory of the Wisconsin Pharmaceutical Manufacturing company. This fact was made apparent at the meeting of the Business Men's association held at the Y. M. C. A. building last night, and a committee consisting of Stanley B. Smith, George G. Sutherland and George M. McKee was chosen to ascertain if the amount necessary can be raised. Vice President Mount presided, and W. E. Evenson kept the records. The Janesville druggists who now own stock in the concern are: Charles D. Stevens, George E. King & Co., Prentice & Evenson, Ed. O. Smith & Co., Palmer & Bonesteel and E. B. Heimstreet.

### WORLD'S RECORD MADE HERE

Will Howie's Quarter Mile Performance Has Not Been Equalled.

Will Howie's one-quarter mile competitive record of 27 1/2 seconds, made at Janesville in 1895, still stands as a world's record, according to the New York Clipper annual, an acknowledged authority on records.

Opening Address of the Series Was Made Last Night.

The lecture was bright and brim full of interest, and informal discussion followed. The next lecture will be given next Monday evening, and will be on "The Transportation Problem American Railroads."

### POLITICAL EQUALITY CLUB TO BE ORGANIZED.

Committees Named to Take the Matter in Charge at the Meeting Held This Morning—Mrs. DeVoe's Interesting Lecture on the Subject—Rev. V. E. Southworth's Letter.

At a meeting of those interested in political equality, held under the leadership of Mrs. Emma Smith DeVoe of Chicago, national organizer and lecturer on equal suffrage, it was unanimously voted to appoint a committee for the organization of a Political Equality League in Janesville.

By unanimous vote the following committee was chosen: Rev. Victor E. Southworth, William Smith, Mrs. M. B. Miltimore, Mrs. H. S. Woodruff, Miss A. E. Tasker, Mrs. O. V. Kerch, Mrs. William Smith, Mrs. W. E. Clinton, Miss Millicent Chittenden and Mrs. J. B. Day.

The action was taken at a meeting held this morning, at the home of Mrs. William Smith.

Mrs. DeVoe's address at the Y. M. C. A. building last night on "Political Equality" was listened to with interest by a goodly audience, and she made an excellent impression. She clothed her ideas in most excellent language, and presented her arguments in a taking manner, and the audience insisted that they had never heard anyone "present a case" in as effective a way before.

The meeting also inspired the following open letter by Rev. V. E. Southworth:

They Have Rights Who Dare Maintain Them.

WOMEN OF JANEVILLE—I appeal to your womanhood, in the name of a disordered political life. Are you anxious to do something to make the evils and injustices of our day disappear?

Immorality, ignorance, and intemperance are the social evils which are eating the heart out of the home. You have it in your power very largely to counteract these evils. Not by sentiment, not by praying, not by tearful appeals to him, whom you allow to monopolize the duties of citizenship, but by a wise use of the ballot.

Woman has been unconsciously disfranchised. An un-American, unmanly and unrighteous custom has made it seem improper for a woman to exercise the royal power of the ballot.

There is no man in Janesville, no matter how ignorant or criminal he may be, who does not form some opinion on the questions of government and does not deposit that opinion formally and legally in the ballot box where it will exert a power either to make better or to make worse our social conditions.

The women of Janesville also have opinions upon these questions. Their opinion, I am confident, are as intelligent and reliable as are the opinions of their brothers. Where do you deposit your opinions? Does your opinion count as powerfully as it ought to count in the betterment of our life? I believe you are shirking your responsibility as mothers and as wives when you let so many less important things interfere with your duties as citizens. Citizenship belongs to you. You ought to exert every power and to use every privilege for the betterment of our social conditions. An unjust custom seems to stand in your way. You have power to make the injustice and folly of that custom so apparent that your husbands and brothers will gladly open the way to the polls for you. Your right to make your opinion count in the moulding of our political life is as undeniable as man's right to make his opinion count. Your ability to cast an intelligent and helpful ballot is as great as man's ability. And now having the right and the ability, why do you not assert that right? It is your duty to assert that right. If you, the women of the city of Janesville, and of the state of Wisconsin will do your duty in this matter, the power of the ballot for good can be doubled. You can have the ballot. It belongs to you. To claim it firmly and to use it wisely is as holy an obligation as rests upon you. Protect your homes, your children and yourselves in this most womanly of ways—by having a clear and thoughtful opinion upon each and every political issue and then by placing that opinion where it will count for the most.

Now a question or two. Last evening under the auspices of the National American Woman's Suffrage association and the Wisconsin

Woman's Suffrage association a public meeting was held in the interest of political equality. It was held in the Young Men's Christian association building (which you the women of Janesville have largely made possible.) Careful announcements had been made through the press and from the pulpits of our churches. The hour came. Mrs. Emma Smith DeVoe, a noble woman, who is giving her life to this great work, delivered an address which for level-headedness and pure-mindedness and kind-heartedness I have never heard the equal of.

But where were the women? If there is an argument to justify woman in her evident indifference and neglect of this matter, I for one am anxious to hear it. I implore you to claim and use your natural right to life, liberty and the pursuit of happiness. I implore you to do your duty by claiming and using the ballot in the protection of our city, state and country from the evils which are eating out their life. I implore you to protect your womanhood from the dangers of a corrupt political life. Because I have known the blessed influence of mother, wife, sister and daughter I appeal to you in your own defense. Your fellow citizen, V. E. SOUTHWORTH.

## TORCH OF A BUG USED AT CLINTON

### MONDAY'S FIRE WAS OF AN IN- CENDIARY ORIGIN.

Little Doubt But What the Match Was Applied by a Slinking Wretch—Actual Loss is About \$22,000 and the Insurance But One Third That Sum.

An incendiary is responsible for the \$25,000 fire that swept over Clinton Monday morning.

This is the general opinion at the stricken village, and the feeling runs high.

A Gazette reporter visited that place last night, and secured the following table of losses and insurance:

Name.	Loss.	Insurance.
Frank Crozier.....	\$ 7,900	\$5,800
A. Woodard.....	7,000	none
A. H. Hollister.....	2,000	none
Bunce Estate.....	1,500	1,000
Harden & Foltz.....	700	none
J. Pangborn.....	1,500	none
Miss A. Irish.....	500	500
E. J. Wakeford.....	400	none
Y. M. C. A.....	small	none
Johnson & Seaver.....	small	3.0
James Selkirk.....	small	600
H. B. Colgrove.....	small	none
H. Olmstead.....	small	none
Totals.....	\$21,500	\$7,200

A. Woodard's loss was on the building. Crozier's stock was totally destroyed; an invoice recently taken showed \$7,900 worth of goods in the store. A. H. Hollister's loss was on his block of one-story stores—four in all. He lives at Madison. The Bruce estate's loss was all on buildings—three stores, one two-story and two one-story. Harden & Foltz's loss was on stock. Miss Irish's loss was on the post office building. The government lost nothing. E. J. Wakeford's loss was on stock. The Y. M. C. A. loss was on furniture, etc.

## Some Goods Removed.

The goods of J. Pangborn, Johnson & Seaver, James Selkirk, H. B. Colgrove and Herman Olmstead were all removed from the building with but nominal loss in each case.

Mr. Woodard told The Gazette's man that he would rebuild at once as did also Mr. Hollister, who arrived in Clinton last night. All Clinton was praising the Janesville fire department last night, and the people were grateful for the service rendered by Chief Spencer and his men.

"They have been charging us six per cent. insurance," said one of the losers, "and now, I understand, they will demand ten per cent. There is little doubt but what the blaze was of incendiary origin. The fire started in the rear end of Crozier's store in the Woodard block about 11:30 o'clock. Feeling sure that a fire bug is responsible, and the fire occurring so soon after the burning of James Irish's property, the citizens are naturally very indignant, but as the mystery of the Irish fire is still unsolved, we may not be afforded any satisfaction by punishing the incendiary."

A special edition of the Gazette was sent to Clinton last night, and sold like hot cakes.

It not only is so, it must be so. One Minute Cough Cure acts quickly and that's what makes it go. C. D. Stevens.

"Give me a liver regulator and I can regulate the world," said a genius. The druggist handed him a bottle of DeWitt's Little Early Risers, the famous little pills. C. D. Stevens

## A RELIC OF THE PAST.

Surgical Operations for the Cure of Piles and Rectal Diseases

NO LONGER NECESSARY.

A Medical Discovery Which Will Change the Treatment of All Such Diseases.

It has long been thought not only by some physicians but by the people in general that the common, painful and exceedingly annoying trouble, piles, was practically incurable by any means than a surgical operation, and this belief has been the cause of years of needless suffering, because of the natural dread of surgical operations.

There are many salves, ointments and similar remedies on the market which afford some relief in cases of piles, but the Pyramid Pile Cure is the only preparation so far introduced that can be reliably depended upon to cure to stay cured, every form of itching, bleeding or protruding piles.

Mrs. M. C. Hinkley of 601 Mississippi St., Indianapolis, was told by her physicians that nothing but a surgical operation costing between seven and eight hundred dollars could cure her as she had suffered for 15 years; yet even in such a case as hers the Pyramid Pile Cure accomplished a complete cure. She says: "I knew an operation would be death to me and tried the Pyramid with very little hope and it is not to be wondered at that I am so enthusiastic in its praise."

Major Dean of Columbus, Ohio, says he suffered for 40 years from piles and 20 years from itching piles and in his case two packages of the Pyramid cured him.

Mr. D. E. Reed of South Lyons, Mich., says I would not take \$500 and be placed back where I was before I used the Pyramid Pile Cure. I suffered for years and it is now eighteen months since I used it and not the slightest trace of the trouble has returned.

The Pyramid Pile Cure is sold by nearly all druggists at 50 cents and \$1 per package and as it contains no opium, cocaine or other poisonous drug can be used with perfect safety.

No one need suffer from piles in any form who will give this excellent remedy a trial. Made by the Pyramid Co., Albion, Mich. Any druggist can get it for you.

ELY'S PINEOLA BALSAM is a sure remedy for coughs, colds, sore throat and for asthma. It soothes quickly, abates the cough, and renders expectoration easy.

Consumptives will invariably derive benefit from its use. Many who suppose their case to be consumption are only suffering from a chronic cold or deep-seated cough, often aggravated by catarrh. ROOSEVELT'S SHARP THRUST.

The more Theodore Roosevelt this country has the better. Mr. Roosevelt is a college man but he tells some very plain truths about the prevalent college idea that it is bad form for educated men to be too distinctly and frankly American in their ideas and utterances with the bracing vigor of a northwest wind he says:

"A certain limited number of persons are fond of deifying patriotism as a selfish virtue, and strive with all their feeble might to inculcate in its place a kind of milk-and-water cosmopolitanism. These good people are never men of robust character or imposing personality, and the plea itself is not worth considering. Some reformers may urge that, in the ages' distant future, patriotism, like the habit of monogamous marriage, will become a needless and obsolete virtue; but just at present the man who loves other countries as much as he does his own, is quite as noxious a member of society as the man who loves other women as much as he loves his wife."

Mr. Roosevelt frames his argument especially for college men and furnishes in his own person a most admirable example of what an American college-bred man should be.

DISHONESTY WAS INVITED.

A strong illustration of bad business methods is furnished by the failure of a Cleveland shoe house for a large amount. The disaster was brought about by the speculations of the junior partner which had been going on for twenty years, and which aggregated more than \$100,000. There were three other partners in the concern, but it seems that none of these took sufficient interest in his own affairs to look after the cash of the concern and the youngest member of the firm had the unquestioned freedom of the books. This condition of affairs is constantly duplicated in bank failures which reveal an utter absence of watchfulness over, or inquiries into, the conduct of subordinates and which show that the chief officers of the bank are ignorant of its actual condition.

Nominees.

Delegates to St. Louis.  
CHAM INGERSOLL, Beloit  
EDWARD M. JOHNSON, Whitewater  
Alternates.

N. B. TREAT, Monroe  
S. I. STEIN, Belmont  
Presidential Elector.

O. M. PETTIT, Kenosha  
These were the selections made by  
the republicans of the First congres-  
sional district at the Beloit conven-  
tion, all the men being chosen by ac-  
clamation.

The convention was called to order  
at 11 o'clock this morning at the  
Grand Army hall, by L. Holden Par-  
ker, chairman.

There were eighty delegates present,  
the representation being as follows:  
Green, 9; Kenosha, 7; Lafayette, 9;  
Racine, 1st district, 9; 2d district, 7;  
Rock, 1st district, 9; 2d district, 8; 3d  
district, 7; Walworth, 1st district, 7;  
2d district, 8.

Judge R. J. Wilson, of Kenosha,  
was chosen as chairman, and L. Hol-  
den Parker, of Beloit, as secretary.  
After the business of naming dele-  
gates and the elector was finished, a  
resolution was enthusiastically passed  
endorsing Major McKinley for the  
presidency. Another commending Con-  
gressman Cooper, was passed with a  
whoop, and a third pledged support to  
the republican nominees.

The Rock county delegation was a  
follows, O. F. Nowlan being the chair-  
man thereof:

First District—A. J. Snyder, Charles Taylor,  
H. Bartlett, E. F. Sedgwick, L. S. Sedgwick,  
Parker, L. A. Clephas, R. H. Sharp, H. W.  
Ford.  
Second District—W. A. Mayhew, G. H. Crosby,  
Volney Wood, C. B. Salmon, C. W. Merriman,  
P. Marquart, W. H. Gray, W. O. Newhouse.  
Third District—T. B. Farie, C. E. Langworthy,  
A. L. Gage, O. F. Nowlan, H. F. Bliss, N.  
Fredericks, C. S. Jackman.

BELOIT DEMOCRATS NAME BORT  
Dry Goods Merchant Chosen as Candidate  
for Mayor.

Beloit, Wis., March 17—(Special)—  
The democrats of this city have nomi-  
nated A. N. Bort, of the dry goods  
firm of Bort, Bailey & Co., for mayor  
and D. H. Foster for city treasurer.  
The caucuses for the nomination of  
aldermen will be held next Saturday  
day night.

J. Orde Creighton was chosen as pre-  
sident.

It is doubtful if Mr. Bort will make  
the race, as he told a reporter that he  
did not desire the nomination.

"No, I cannot accept such nomination,  
and I cannot be a candidate," he  
said. "My business requires my en-  
tiretime. While acknowledging the  
honor intended to be conferred, I can-  
not permit my name to be used in con-  
nection with the mayoralty nomina-  
tion."

The republicans named in connec-  
tion with the nomination for mayor  
are the present mayor, C. A. Smith,  
C. W. Merriman, Simon Smith  
and L. W. Kendall, and it is highly  
probable that some one of these four  
will be the nominee of the convention.

The refusal of J. B. Foster to be  
considered as a candidate for treasur-  
er leaves only E. M. Gammon and  
A. W. Bullock squarely in the field  
for that nomination.

## ROCK'S CELTS MARK ST. PATRICK'S DAY

LARGEST CELEBRATION JANES-  
VILLE EVER SAW.

Beloit Joined Hands With Janesville,  
and All of the Irish Societies in  
the County Helped—Program and  
Banquet For Five Hundred People  
Tonight.

This was Ireland's day.  
And it was the "largest" Irish day  
that Rock county ever saw.

And the finest from a meteorological  
point of view.

The sun cast good cheer upon the  
earth, and tempered the proverbial  
March wind.

The Celts of Rock county were out  
in force.

The bands played; the stars and  
stripes, and the flag bearing the golden  
harp, waved side by side. Sham-  
rocks smiled from many button holes,  
and bits of green ribbon fluttered in  
the breeze.

Promptly at 11:30 the procession  
moved.

It came in this order:

Chief Marshal J. W. Hogan and Aids,  
Daniel Ryan and Dennis Hayes.  
Beloit City Band.

Division No. 2, A. O. H., of Beloit.  
The Imperial Band.

Dean McGinnity, Rev. J. J. Collins and  
Judge Moran, in Carriage.

John J. Cunningham and Cornelius  
Buckley, in Carriage.

Division No. 1, A. O. H.  
Division No. 3, A. O. H.

The Beloit band was composed of  
fourteen pieces and the Imperial  
band of twenty. There were thirty-  
four members of the Beloit A. O. H.;  
forty-five in line in Division No. 1,  
A. O. H.; twenty-eight in Division  
No. 3, A. O. H.

The Beloit delegation came on a  
special train there being 162 people  
aboard.

More Yet To Come.

But that was not all.

Oh, no. It was but the beginning.

Tonight, at the Armory, the closing  
chapter will be given.

They will feast.

They will sing.

And they will speak.

The combined choirs of St. Patrick's  
and St. Mary's churches will be rein-  
forced by the Amphion quartette, and  
Smith's orchestra will play.

Ex-Judge of the Appellate Court  
Thomas A. Moran of Chicago, will  
speak.

And so will the Hon. Thomas M.  
Blackstock of Sheboygan.

And Senator M. E. Burke of Dodge  
county.

And the Hon. J. E. Malone.

And Joseph Lawler of Rockford.

And Con. Buckley of Beloit.

And there are others.

Attorney J. J. Cunningham will be  
the toastmaster, and five hundred cov-  
ers will be laid.

The program tells the story.

MISSION AT ST. MARY'S CHURCH.

Large Audiences Attend and the Meetings  
Are of Interest.

The mission in St. Mary's church,  
which began on Sunday and is being  
conducted by Jesuit Missionaries from  
St. Louis, continues to draw large  
audiences. The opening sermons have  
been given by Rev. Marshall I. Boar-  
man. On Sunday morning at the last  
mass he took for his subject, "The  
Mercy of God," and from apt texts of  
Holy Writ, and from illustrious scrip-  
tural examples showed forth the  
depths of divine clemency. The sub-  
ject of the sermon on Sunday night  
was, "The Problem of Life." In the  
sermon the missionary laid before the  
audience the end or object of man's  
earthly pilgrimage, which it is to ren-  
der God good service—the reward for  
which is eternal life. Last night the  
subject of "Sin" was discussed. Sin  
was pictured in its true colors. It was  
proved to be the greatest of all evils,  
because it is an offense against God,  
the supreme Goodness, the supreme  
Benefactor, the supreme Lord and  
Master; because it brings in its train  
remorse, loss of merit, and of heaven,  
and because, being in some respects an  
infinite evil, it has deserved, and has  
received the most dire punishment, as  
witnessed in hell for the rebel angels,  
in exile and death for Adam and Eve  
in the flood for a wicked race, in  
Sodom and Gomorrah for lustful man.  
This evening an interesting lecture  
will be given on the subject of "Con-  
fession," in which from Holy writ and  
from ecclesiastical history, and from  
the Fathers it will be proved that  
Jesus Christ established the confes-  
sion of sins to his Priests.

## EDITH MAUD DAILEY IS CRAFTY AS A FOX

EVANSVILLE WOMAN ESCAPES  
THE POLICE.

She Sneaked From the C. & N. W.  
Passenger Train While Marshal  
Brink Was Unloading Her Male  
Fellow Prisoner and Then Went  
South For Her Health.

Mrs. Edith Maud Dailey, of Evans-  
ville, will not be tried by Judge  
Phelps—that is, not unless the police  
can find her.

Edith Maud was a co-defendant with  
Charles Kinney, also of that city.  
They were arrested some ten days ago  
and locked up in jail here, the charge  
being that they had neglected certain  
religious and legal formalities. Yester-  
day City Marshal Brink came to  
Janesville for the pair, as it was the  
day set for their hearing before Jus-  
tice W. R. Phillips. They were taken  
before the justice, and both were held  
for trial. In default of bail Marshal  
Brink brought them back here, to re-  
main in jail until the day of their trial  
before Judge Phelps. That is what  
the officer started out to do, but he  
was only partially successful. The  
jail door clanged behind Kinney last  
night, but not behind Edith Maud.

She Made Her Escape.

Maryland's New Senator.

George L. Wellington, the Republican who has been elected senator from Maryland to succeed Mr. Gibson, was born in Cumberland, Md., in 1851, of humble German parents. He secured an education only by hard work. At the age of 17 he secured a position in the Second National bank, Baltimore, and there gained the friendship of

In 1890 President Harrison appointed him subtreasurer at Baltimore, and last year he was elected to congress.

Iridescent Glass.

Until recently the manufacture of iridescent glass was set down in the list of lost arts. But in 1878 it was rediscovered and now it is a common commercial article. It is made by exposing the melted glass to the vapors of salts of sodium. At the Metropolitan Museum of Art in New York city are exhibited great numbers of bottles, plates and other articles of glass which were made and used before Christ was born. They were dug up in Cyprus and elsewhere. Many of them have a beautiful iridescence, but it is the result of decay. Glass will rot like anything else, and decay has split the structure of this ancient glass into laminae, or flakes, which interrupt the light so as to produce brilliant red, green, purple and other rainbow colors.

When they put a man in jail, he cannot follow his natural inclinations. He cannot eat what he wants to—he is limited to a very frugal diet. Is it not equally true of a dyspeptic? For all of the real enjoyment he gets out of life, he might as well be in jail. He cannot eat what he likes, nor enough. He suffers much, gets little sympathy. At first, perhaps a little heaviness in the stomach, a little sourness, windy belchings and heartburn. Headaches and biliousness and a foul taste in the mouth in the morning. Chronic constipation is almost inevitable, and means that the body is holding poisonous, impure matter that should be gotten rid of. The poison is being reabsorbed into the blood and the whole body. Impurity in the blood may lead to almost any disease. Constipation is the start of it all. Dr. Pierce's Pleasant Pellets cure constipation, cure it so it stays cured. DON'T POISON YOURSELF.

Food is Poison If Allowed to Ferment in Your Stomach.

Putrid food contains poisons so dangerous that they cause effects similar to alkaloids which druggists are not allowed to sell to the public.

No wonder so many of us become dangerously sick from indigestion. For what is indigestion?

It is putrid (undigested) food in the stomach.

The poisons of undigested food are absorbed into the blood, and affect the liver, the nerves, the kidneys, the heart, and all the organs of the body.

They cause weakness, lethargy, headache, dizziness, mental depression, bad taste, stomach-ache, fever, flatulence, palpitation, nausea, constipation, loss of appetite, jaundice, prostration, anemia, rheumatism, etc.

They can be got rid of only by helping the stomach to digest its food, and this is done by the Shaker Digestive Cordial.

You will never be strong or healthy so long as you suffer from indigestion, so long as you allow your stomach to taint your system with the poisons of putrid food.

And, as for a cure, nothing will cure you so quickly as Shaker Digestive Cordial, nothing so certainly relieve your pain and discomfort, or give you new strength, energy and endurance.

COURT'S OPINION  
ON WATER CASEJUSTICE MARSHALL'S IDEA OF  
THE ACTION.

Decision of the Supreme Court Justice in the Matter of the State Ex Rel The Attorney General vs the Janesville Water Company Et. Al.

The following is the full text of the opinion handed down by Justice Marshall, of the supreme court, in the matter of the suit of the city of Janesville versus the Janesville Water Company:

State of Wisconsin, ex rel. The Attorney General vs. the Janesville Water Power Company, et al.

Motion for leave to file an information in the nature of a quo warranto. The facts are stated in the opinion.

Marshall, J. This is an application by the attorney general for leave to file an information in the nature of a quo warranto against the Janesville Water company and others to forfeit the corporate franchise of such company and other franchises owned by it. The petition states in substance that the company was incorporated July 16, 1887, for the sole purpose of constructing, acquiring and operating a system of water works in the city of Janesville, and has ever since existed as such corporation; that during the year 1887, said city, pursuant to ch. 164, P. & L. Laws of 1887, by ordinance, upon terms and conditions therein specified, granted to the firm of Turner, Clarke & Rawson a franchise to establish a system of water works, to furnish said city with fire protection and to supply wholesome water to the inhabitants thereof for public and domestic use; that such ordinance was duly accepted by said firm; that they thereafter conveyed their rights under the same to said water company; that such company thereafter contracted with a construction company, composed of stockholders and officers of the water company, for the building of such water works; that the water plant was duly constructed, satisfactory to the city and accepted by it on or before August 6, 1888, and that the water company has since operated the same. The grounds upon which it is claimed the corporate and other franchises should be forfeited are mainly as follows:

1. Violations of the conditions of the ordinance upon which the franchise was granted, that the said water company has failed to furnish wholesome water as therein provided; has refused to sell water to the inhabitants of the city at meter rates; has neglected to comply with the ordinance in respect to furnishing fire protection, and has neglected to furnish water wholly from artesian wells.

2. Violations of law in respect to the organization and business management of the corporation, in that it has issued bonds in excess of the cost of constructing the water works and has issued stock without the same having been fully paid in money or its equivalent.

3. Violations of the ordinance in respect to keeping accurate books of account of the cost of constructing the works and operating the same, in that it was provided by such ordinance that the city should have the right to acquire the works by purchase at the end of seven years from their acceptance by the city, at a sum sufficient to return to the owners the full cost thereof and seven per cent. annual interest thereon; the same to be ascertained from the books of such owners together with a sworn statement of the cost of construction with expenses and earnings, and that the grantees of the franchise, their successors and assigns should keep accurate books showing such cost, expenses and earnings, and that a fraudulent failure to do so should vacate and annul the franchise and all privileges granted under it; that the city gave due notice of its election to purchase the works under such reserved right, and required the sworn statement to which it was entitled; that, in response thereto, a fraudulent and false statement was rendered; that it was not taken from books of account accurately kept, as provided in the ordinance, and was known by the officers of the corporation who made it to be false and fraudulent; that there has been a total neglect to keep books of account as required by the ordinance, and that such neglect has been with fraudulent purpose, to annul practically that part of the ordinance giving the city the right to acquire the works by purchase.

It is plain from an examination of the petition that the ground of complaint chiefly relied upon is the one mentioned in subdivision 3. The allegations are chiefly on information and belief; all are denied, and those in regard to violations of the ordinance in respect to the operation of the works are met by proofs to the contrary of the most positive and satisfactory character, and it is made to appear that substantially all the facts, particularly in regard to the matters referred to in subdivision 3, were fully known and taken official notice of by the city as early as November, 1894, at which time an action was brought in the circuit court to determine the cost of the water plant and to forfeit its franchises, when action is still pending; that, since the commencement of such action the city has recognized the existence of such franchises and the water company's obligations in the premises by requiring it to make large and expensive extensions to the water mains and put in additional hydrants, necessitating other improvements, including an additional extension well, and it appears that the alleged violations of the ordinance in respect to keeping accounts of the cost of construction are all denied, and that they took place if at all, before any of the present stockholders of the corporation were interested in the company, and that they have, at considerable expense, endeav-

ored, in good faith, to supply all the information in that regard required, and that, in any event, the city could not, at the present time, incur the indebtedness requisite to purchase the works without exceeding its constitutional limit.

The foregoing contains, substantially, a correct statement of the case upon which we are to determine the question of whether the sovereign power of the state ought to interfere to forfeit the franchises of the alleged corporation and to wind up its affairs.

The granting or refusing this application rests in the sound discretion of the court. The legislature, in providing that an action may be brought, under section 3241 R. S., only by leave of this court, upon cause shown, obviously did so for a purpose, the law requires that the power thus entrusted to the court shall be exercised and leave granted or denied as the public interest appears to demand, upon due consideration of the facts of each particular case. To merely examine the petition, and if, taking all the allegations thereof, whether upon information and belief or otherwise, into consideration as true, it *prima facie* states a cause of action of facts that might support a judgment, would be a failure to exercise that sound judicial discretion which the law contemplates, amounting to an abuse of judicial duty. While courts differ on this question, the weight of authority is in favor of the rule that the facts and circumstances of each particular case, and even the motives for instituting the proceedings, may be considered: *Atty. Gen. v. Gas Consumers*, 3 DeG. & M. G. 304; *Atty. Gen. v. Gas Co.*, 4 L. R. Ch. Div. 71, and especially in case of a solvent, active corporation, carrying out, at the time of the application, the purposes and designs of its creation, performing duties of a quasi public character, having to do with the daily necessities of a large number of people, and where large sums of money have been invested and securities therefor are held by innocent parties, whose security depends upon a continuance of the corporation, unless there is a clear, willful misuse, abuse or misuse of the franchises sought to be forfeited, or violation of law, something that strikes at the very ground work of the contract between the corporation and the sovereign power, something that amounts to a plain, willful abuse of power or violation of law within the meaning of the statute on the subject, whereby the corporation fails to fulfill the very design and purpose of its organization, leave will not be granted by the court to resort to the extraordinary remedy for a forfeiture of its franchises; *State v. Farmers' College*, 32 Ohio, 437; *Attorney v. R. Y. Co.*, 55 Mich. 16; *State v. Commercial Bank*, 10 Ohio, 535. Leave will not be granted if to forfeit the franchises, under the circumstances, will be inequitable or will not have the effect of remedying the grievances complained of, or the proceeding is not in good faith, the counter affidavits, used on the application, should be considered, and material allegations on information and belief which are so overcome by positive affidavits and proofs in opposition thereto as to establish the fact involved against the petitioner beyond dispute, should not be considered. *Thompson on Corporations*, sec. 6786. The rule which generally prevails in this regard is well stated in *State v. Bank 10 Ohio*, 535, as follows: "The court proceed with extreme caution in proceedings having for their object the forfeiture of corporate franchises, and such forfeitures are not to be allowed except under express limitations of the charter or for plain abuse of power by which the corporation fails to fulfill the design and purpose of its organization;" also, in effect, that the extreme remedy of forfeiture will not be allowed where there are other remedies adequate to redress the grievances complained of; that the remedy of forfeiture is the last resort, certainly not allowed where compensation in damages will substantially remedy the violation. *High on Extraordinary Remedies*, sec. 649. Without proceeding further to discuss the principles of law involved and the practice in such cases, we are warranted in saying that the allegations of the petition presented, in respect to violations of the franchises in matters pertaining to the operation of the works and the water service, are so overcome by the affidavits and other proofs that the case in that respect fails to show any warrant for the institution of proceedings to forfeit the franchises of the corporation.

In regard to violations of law alleged in respect to overbonding and issuing corporate stock without payment in money or its equivalent, which happened at or about the time of the organization of the corporation upwards of eight years ago, it is not perceived how, under the facts of this case, the public have a sufficient interest or are sufficiently prejudiced in the matter that, after the lapse of such a period of time, the state should interfere to forfeit the corporate franchises. While such forfeiture might have the effect to punish the corporation itself, to the great and irreparable damage of the present stockholders and the holders of the bonds, it is not perceived how it would have any other effect, and we think, on the whole, the doctrine of estoppel by laches, hereafter referred to, should apply. We suggest in this connection, on a subject of practices, that the water company is the only proper defendant here; that this proceeding is not in the nature of a bill in equity, where all persons may be made defendants, who have or claim an interest in the controversy adverse to the plaintiff, or are necessary to a complete determination or settlement of the question involved; it is a proceeding under the statute solely against the alleged offending corporation, and it only should have been named as defendant.

As to the neglect to keep accurate books of account of the cost of construction and operating expenses and the earnings, whereby it is alleged that the city is prejudiced in respect to exercising its option to acquire the works by purchase, it is by no means

clear that a failure to observe conditions inserted in the ordinance to aid the city in determining the cost of the works in the event of a desire to purchase constitutes a ground for forfeiture at the suit of the state, but the view we take of the matter renders it unnecessary to decide that question. It is claimed on the part of the defendant company that, in any event, the right of the state to forfeit its franchises has been waived. On the contrary, it is claimed on the part of the petitioners that the state cannot be held to have waived such right by any laches shown or any act on the part of the city. That the forfeiture of the franchises of the corporation may be waived by the state is not seriously denied. *Atty. Gen. v. Pitts Ry. Co.*, 6 Fed. (N. C.) 456; *People v. Ry. Co.*, 123 N. Y. 240; *People v. Manhattan Co.*, 9 Wend 361; *State v. Fourth N. H. Turnpike*, 15 N. H. 162; 5 Am. Law Reg. 583; *Com. v. Coal Co.*, 10 Pa. Co. Cr. Rpts. 129; *Foster v. City of Joliet*, 27 Fed. Rep. 899, are among the authorities on the subject brought to our attention in the briefs of counsel to which many more might be added; but it is contended that the state only can waive the forfeiture; that acts on the part of the city of Janesville do not affect the matter. It is true that a waiver by the city is not binding upon the state; nevertheless, it would be going too far to say that acts which would estop the city cannot be taken notice of and given effect to on this application. The state may waive the right to bring an action on behalf of the public by mere delay in moving to institute proceedings, while the corporation, in carrying out in good faith the purposes of the organization, expends large sums of money; so held in *Atty. Gen. v. Sheffield Gas Consumers*, 3 DeG. & M. G. 304, a well considered leading English case, where Lord Justice Turner uses the following language: "That delay will affect the Attorney General as much as a private individual. I am not prepared to say, but, in my opinion, it is a circumstance to be considered in determining the question whether the court should interfere, although the application be by the Attorney General on behalf of the public." In *Com. ex rel. Hensell, Atty. Gen. v. Turnpike Co.*, 152 Pa. 37, the court goes further and holds that, in case of delay, accompanied by circumstances which would estop individuals, the state is equally estopped. The circumstances there were, a corporation had been allowed to proceed and expend large sums of money when the facts relied upon in the application for leave to bring the action to forfeit its franchises were notorious; held that the delay, under the circumstances, created an estoppel so as to effectually prevent the institution of such proceedings. The court, in effect, said if the complainant were a private individual the court would not hesitate to say that his laches were a bar, and the same rule holds good, notwithstanding the application is by the attorney general on behalf of the state. The question involved is not one under the statute of limitations, but one of laches, which may be imputed to the state as well as to an individual. While time does not run against the state, time, together with other elements, may make up a species of fraud and estop even sovereignty from exercising its legal rights. To the same effect are *Wilmot v. Baker*, L. R. 15 Ch. Div. 105; *Atty. Gen. v. Johnson*, 2 Wilson Ch. Rep. 102; *Atty. Gen. v. Ry. Co.*, 27 N. J. Eq. 1.

The principles here maintained should be quite rigidly applied where, as in this case, the corporation has not merely been allowed but has been compelled by those chiefly interested and the real moving parties to proceed at great expense under the franchises sought to be annulled for a considerable period of time, while the facts relied upon as grounds for forfeiture have been all well known. Without taking further time to discuss the subject we hold that delay in moving for leave to commence the action, with the other elements referred to, constitutes, on this application for the exercise of the discretionary power of the court, an effectual waiver of the harsh and extraordinary remedy of proceedings under the statute to forfeit the franchises of the company, and that this application should therefore be denied.

By the Court: The application for leave to bring an action against the Janesville Water Power company to forfeit its franchises is denied.

**Chloroformed the Dog.**  
A prominent family residing in the business part of Wayneport possess a dog which, having reached old age, they decided to put an end to. They procured a quantity of chloroform and the wife proceeded to administer it. The handkerchief saturated with the fluid was held to (or near) the dog's nostrils, but the applicant, watching closely to hear the dog draw his last breath, inhaled the chloroform in much larger quantities than the dog and promptly went off into an afternoon nap, which was awakened by the dog's quite lively voice. The dog still lives and the family has decided to let him die a natural death.—Monroe County Mail.
